September 2006 Newsletter

Congratulations to Dustin Steiner, High Gun Automatic and Ken Rice, High Gun Revolver. Nice Shooting!

STOP hanging targets on the steel. Wire coat hangers work great. There is a supply hanging from the rafters in the pistol building, please use them.

There have been increases everywhere for everything in our daily lives, the club also needs to increase the clubhouse rental. Effective immediately the fee increases to \$100.00.

Military Shoot, September 24th, 11am

September 28th, 7pm, General Meeting. Note the time change. The Board in an effort to promote more attendance will be trying something new. The monthly Board meeting will be held approximately one hour before the General meeting starts, one day two meetings, get the job done, no dragging things on and cost effective. If it proves to be effective a by-law change could be suggested in the future. Karl Everts has been reviewing the by-laws, should you have any suggestions or wish to help him, call 537-9482.
